BRNOREGION
MICROSCOPY

Brnoregion Microscopy Hub:

Home to world-class microscopy, where every third electron microscope is born

Brnoregion Microscopy Ecosystem

A unique ecosystem built on strong collaboration between academia, industry and the public sector

World-class science, research, innovation & industry

70+
years of electron microscopy tradition

1/3
of global production of electron microscopes

€ 1.5 billion
turnover generated by regional leaders

3,000+
professionals working directly in the sector

ADVASCOPE BEAMSHAPE BRNO CSMS CSMS

CZECH OPTICAL CLUSTER

Stakeholders of Brnoregion Microscopy:

BRNO UNIVERSITY OF TECHNOLOGY
CEITEC
INSTITUTE OF SCIENTIFIC INSTRUMENTS The Czech Academy of Sciences
DI
delong instruments
ipm
JIC
Jiří Očadlík
Mendel University in Brno
MUNI
FUTURE SHAPER
NenoVision
Radka Martínková
Tescan A SHIMADZU COMPANY
ThermoFisher SCIENTIFIC
IQS NANO
jcmm
and more.
SciCanvas
Vivanto

What We Do

Community

Supporting sharing, attracting new talent, education and development within the ecosystem.

Promotion & PR

Coordinated awareness raising about (electron) microscopy in the region and worldwide.

Education & Excellent Science

Developing microscopy talent and advancing scientific excellence.

Commercialisation Support

Transfer of research results into practice, support of spin-offs.

120 Seconds: Meet Brnoregion Microscopy

- Our flagship community meet-up
- 20 projects presented in 120 seconds, twice a year, with over 120 participants per event
- New contacts and inspiration
- Opportunities for cooperation
- Networking across science and industry

Discover Brnoregion Microscopy

Brno, Czech Republic, is located in the heart of Europe.

Live and work in a safe, vibrant European city with an exceptional quality of life.

Join a globally connected community shaping the future of electron microscopy.
